CAREER SUMMARY

Innovative and driven Full Stack Developer with a passion for creating dynamic and user-centric web applications. Equipped with a solid foundation in both front-end and back-end development technologies, I thrive in collaborative environments where I can leverage my skills to contribute to impactful projects. During my internship, I have demonstrated proficiency in programming languages such as JavaScript, HTML, CSS, and frameworks like React.js and Node.js. I am adept at translating design concepts into functional, responsive interfaces while ensuring seamless integration with server-side logic and databases. With a keen eye for detail and a commitment to continuous learning, I am eager to further expand my expertise and make meaningful contributions to your team.
